EDUCATION

Southwest University (Project 211) **Information Management Systems(Bachelor)** 09/2023-06/2027

Academic Performance: Weighted Average:88.4/100, Rank:Top10%.

Relevant Coursework: Data Structures and Algorithms, Advanced Mathematics, Linear Algebra, Probability Theory and Mathematical Statistics, Database Application and Practice.

University of California,SanDiego **Visiting Student** 09/2025-12/2025

Department: Computer Science Department.

Relevant courses: Machine Learning,Software Engineering,Public Speaking.

SKILLS

Programming Languages: Python, SQL, JavaScript, C++.

Development&Design Tools: Codex, Cursor, Figma.

Languages: Mandarin(native); English (TOEFL iBT: 95, CET-6: 619).

INTERNSHIP EXPERIENCE

Shenzhen GeekDance Information Technology Co., Ltd. **Assistant Product Manager Intern** 07/2026-Present

- **Requirements&Prototyping:** Analyzed requirement and designed prototypes, and PRDs for **four** modules of an **international education app**—login, AI weekly reports, rewards, and store—covering **six** reward scenarios, pre-orders, and iOS in-app purchases.
- **Cross-functional Delivery:** Created **15 business process diagrams** and documented UI requirements; organized in reviews, confirmed client requirements, and coordinated teams through development, acceptance testing, and **release**.
- **Metrics Design:** Designed **frontend event-tracking plans** and **admin dashboards** for **five modules**: user activity, content engagement, personality assessments, rewards, and the store; defined calculations and visualizations for **activity, retention, and payment conversion**.
- **AI Applications: Designed prompts** for AI weekly reports; Developed **three reusable Skills** to convert images into prototypes, generate flowcharts and draft PRDs from prototypes; reduced single-page prototyping time to under **5 minutes**, improving workflow efficiency.

Chengdu Shusheng Technology Co., Ltd. **AI Product R&D Intern** 07/2025-09/2025

- **Frontend Development:** Built audio prompts, animations, and modals for an **international children's language-learning** product's web fronted using **TypeScript;** refined exercises via interviews and **A/B tests**, reducing abandonment by about **49%**.
- **Advertising Automation:** Built a **Python ad automation system** integrating **Lark Bitable and the Facebook Ads API** to streamline error-prone manual workflows, processing ad creation and update requests in **under 5s and 3s,** respectively.
- **Data Analysis:** Cleaned campaign data and visualized metrics in **Python**; used **SQL** to calculate CTR, CVR, and ROI and analyze campaign performance by audience age, region, and creative type.
- **Growth Optimization:** Identified parents aged 30-35 and users in developed regions as high-converting segments, informing targeting adjustments; before-and-after comparisons showed relative gains of about **15% in CTR, 12% in CVR, 18% in ROI**.

PROJECT EXPERIENCE

CampusX WeChat Mini Program(Live) **Product Lead** 05/2026-Present

- **Requirements&Design:** Analyzed competitors and **100+ survey responses** to define campus marketplace requirements; authored a **PRD** and prototyped **40+ screens and UI states** in Figma and Lovable.
- **Development&Launch:** Built and launched a native WeChat mini program with **Node.js** cloud functions and **CloudBase**, using **Codex/Cursor**; developed a **Vite/JavaScript admin dashboard** and refined workflows through testing with **30+ target users**.
- **AI Assistant:** Integrated the **DeepSeek API** into a Node.js cloud function; parsed queries using keywords, regex, and category aliases for product search and sorting. Implemented **keyword-based RAG** to retrieve rules and generate answers with source references.
- **Agent-Based Moderation:** Built a GLM-powered **dual-agent** prototype using **Python, LangChain, and LangGraph,** with image-cropping tools, retries, **Pydantic** validation, and **SQLite** checkpoints; achieved per-item content moderation times **under 20 seconds**.

AWARDS

National Scholarship **(national level)**	09/2024
SWU Outstanding Student Award	09/2024
Second Prize, Lanqiao Cup National College Student Software & IT Competition, C++Track, Chongqing	05/2025
SWU Outstanding Student Award	09/2025
SWU First-Class Scholarship	09/2025
